Thanks for filling out [Submission 1C](#)

Here's what was received.

Submission 1C

Answer all questions and upload all files.

Email *

praan.2001@gmail.com

Command used to convert folder to catkin ws? *

catkin init

Command used to build all packages in src? *

catkin build

Why do we need to run 'source ../devel/setup.bash' ?

It informs the system about the changes to the packages.

Set 1
